## St BARNABAS COUNTY COUNCIL DIVISION

### A message from Nigel Knowles

The Tories are in the majority at County Hall and have presided over cuts to almost every service they provide. In Wyre Forest we have lost The Grange - a rehabilitation centre, Ludlow Road - a respite unit for children with severe disabilities, as well as cuts to bus routes, road repairs, etc.

Since 2010, the Tory / Lib-Dem coalition Governments have imposed austerity policies on the less well off, whilst allowing the rich to get even richer! Since March 2020, when the Coronavirus pandemic struck and forced lockdowns, you can draw your own conclusions on whether it could have been handled differently.

In these unprecedented times, I am asking you to vote for Change and vote Labour. I am a former County Councillor with experience of making important decisions which contribute to the good running of local Government in the best interests of the people of this area.

I believe the County Council has a vital role in providing services to meet the needs of local people, particularly those who are vulnerable. I stopped the Incinerator from being built on the sugar beet site, now Silverwoods, which provides valuable housing and a Leisure Centre.

If you want someone who is experienced, dependable and hard working...

**Then please vote for me Nigel Knowles**

**Luke** has lived in Franche his entire life and is a candidate for Kidderminster Town Council and Worcestershire County Council elections. He's a children's social worker and has witnessed the impact of cuts to public services. He says "It's time we think about the long-term costs of cuts to our community. We must acknowledge that investment can actually save money in the long run, as I have seen the value of preventative services. I will ensure all decisions I make in office hold environmental sustainability at the forefront."
