

I WILL CAMPAIGN ON LOCAL ISSUES

ROAD SAFETY

The air pollution and danger to pedestrians at Welch Gate has been ignored for too long. I will continue to argue that air pollution **must** be tackled in the **near** future, with a scheme using in-road sensors and traffic flow controls which will give **MAXIMUM** consideration for the safety of pedestrians as well as reducing Nitrogen dioxide pollution.

Vehicles not keeping to the existing speed limits, in a number of locations throughout the division, is an on-going problem. I will make sure that this issue is constantly brought to the attention of WCC Highways until they are forced to agree that the necessary changes are legalised and that appropriate signage is put into place.

SCHOOLS IMPROVEMENT

Labour will use some of the WCC Capital Fund to invest £25million into upgrading school buildings and plan to replace all temporary classrooms to create an improved learning environment.

Please contact me if you have questions—email to rodstanwcc2021@gmail.com or phone 07719586196 and leave a voicemail.

ELECTION
THURSDAY 6TH MAY**

**ARLEY, BEWDLEY, BLISS GATE,
CALLOW HILL, CLOWS TOP,
FAR FOREST,
HEIGHTINGTON,
POUND GREEN,
RIBBESFORD, ROCK.**

Bewdley and Rock Division

My name is Rod Stanczyszyn, I live in Bewdley and I am a Town Councillor for Bewdley East ward. I am the chair of the Council's Finance Committee and the Neighbourhood Plan

Community Steering Group. I am also an active voice on the Planning Committee and the Road Safety Group.

My support for local issues impacting both Bewdley and the surrounding areas is second to none, as witnessed by the success of the 'Bewdley Says NO to Gladman' campaign. I will work tirelessly to make sure that our division receives all of the WCC essential services and resources that are needed in our communities.

**ON THURSDAY 6th MAY
VOTE ROD STANCZYSZYN**

LABOUR HAS A PLAN FOR A GREEN DEAL

to promote a cleaner, greener, and healthier
Worcestershire improving our environment:

- Support the development of sustainable Green Jobs by encouraging start-up companies,
- Support local colleges to provide apprenticeship schemes,
- Increase the amount of renewable energy generated and used by the council,

LABOUR HAS A PLAN FOR SOCIAL CARE

so no matter your age, you have a safety net for when you need it:

- Bring Children's Services back under Council Control to ensure they are run to the highest standards,
- Seek to improve the pay of council employed care staff,
- Campaign to find a fair formula for the future financial arrangements necessary for statutory social care.

LABOUR HAS A PLAN FOR BUS SERVICES

that keep the Wyre Forest moving:

- By working with providers so that reasonably priced services of adequate frequency are available, helping people without constant access to cars, or unable to drive, to access town and city centres and other facilities,
- And only working with companies who make every effort to attract new passengers on both existing and new routes, as well as providing more modern, fuel-efficient vehicles.

LABOUR HAS A PLAN FOR COUNCIL CONTRACTS

by keeping more money within the county:

- Support and encourage new local businesses,
- Promote a real living wage, guaranteed working hours and trade union recognition,
- Change the County Council's procurement policy so that new contracts are given to local companies using local people.
